

Purified Cortrophin[®] Gel

repository corticotropin injection USP 80 U/mL

You and your doctor have chosen Purified Cortrophin Gel

Steps from enrollment in the
Cortrophin In Your Corner program
to receiving your medicine

Here's what
to expect next

Cortrophin
In Your
Corner[™]

We're in your corner, every step of the way

**Support that's designed to help you
throughout the treatment process**

Cortrophin In Your Corner is a dedicated support program* designed to support you and help you access treatment. Once you are prescribed Cortrophin Gel, the *Cortrophin In Your Corner* program can provide you with support and educational information throughout your treatment.

*Not all patients will be eligible for all services offered by *Cortrophin In Your Corner*.

STEP 1

Enroll in **Cortrophin In Your Corner**

- Your doctor will ask for your signature on the Cortrophin Gel Enrollment Form, which is required for patient support services*
- Patient support services include a Nurse Access Specialist (NAS),[†] a free virtual training session, and more
- Enrollment in *Cortrophin In Your Corner* is not required for access to Cortrophin Gel

*Not all patients will be eligible for all services offered by *Cortrophin In Your Corner*.

STEP 2

Answer a welcome call from a NAS[†]

- Your NAS[†] will verify your information and discuss the next steps

By scanning this QR code with your mobile device, you can save the NAS's[†] contact information, so you know when they are calling.

[†]NAS do not give medical advice and will direct patients to their healthcare professional for any treatment-related questions.

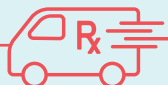

STEP 3

Your doctor's office will work with **Cortrophin In Your Corner** on the insurance approval process

- Your insurance company will make a determination on coverage for Cortrophin Gel. If coverage is denied, the decision usually can be appealed
- If approved, your NAS[†] will reach out to discuss available copay assistance programs and coordinate the shipment of Cortrophin Gel

STEP 4

Your prescription is approved and sent to a specialty pharmacy

- The specialty pharmacy will call you to confirm your prescription and let you know when you can expect it to be delivered
- You will need to be home to receive your medication because it must be refrigerated as soon as you receive it
- A signature will be required for the delivery

! IMPORTANT

You may get a call from a toll-free or unknown number. Please answer the call so there is no delay in receiving your prescription. The pharmacy must confirm your prescription with you before they can send it. If you miss their call and get a voicemail, call back as soon as possible.

? WHAT IS A SPECIALTY PHARMACY?

A specialty pharmacy focuses on stocking medications, like Cortrophin Gel, that are not commonly found in regular pharmacies.

? WHY IS MY MEDICATION BEING SHIPPED?

In most cases, your medication will ship directly to your home, so you (or a caregiver) can self-administer Cortrophin Gel. In a few cases, your doctor may administer your medication in-office. Talk to your doctor to see how your treatment will be administered.

STEP 5

Your NAS* will coordinate training

- If needed, your NAS* will schedule a virtual training session to help you learn how to self-administer your medication

*NAS do not give medical advice and will direct patients to their healthcare professional for any treatment-related questions.

STEP 6

Stay in contact with your doctor regarding refills

- It is important to stay in contact with your healthcare team
- For refills, the specialty pharmacy will need to speak with you to confirm each delivery

If you have questions, please call
Cortrophin In Your Corner at 1-800-805-5258,
Monday-Friday, 8 AM to 8 PM ET.

Our team of experts is here to help you:

- Obtain information on insurance coverage, including copay assistance
- Coordinate shipments with the specialty pharmacy supplying your medication (if applicable)
- Get access to useful resources and answers to questions you may have
- A dedicated NAS* may help you navigate the treatment process and facilitate virtual training on how to self-administer your medication after your first shipment
- A support center is available to answer your questions and provide educational information

*NAS do not give medical advice and will direct patients to their healthcare professional for any treatment-related questions.

**If you have questions, please call
Cortrophin In Your Corner at 1-800-805-5258,
Monday-Friday, 8 AM to 8 PM ET.**
